

## THIS IS NOT A DOOR

Un catalogo di immagini per raccontare e descrivere la porta di MR ART DESIGN ben oltre le sue qualità formali. Immagini che evocano inedite atmosfere domestiche, mostrano la proprietà di finiture e materiali, svelando la ricerca tecnologica e stilistica che è dietro la produzione del complemento PORTA.

*A catalogue through images to illustrate and describe the door of MR ART DESIGN far beyond its formal qualities. Images that remind unusual and domestic atmospheres, show properties of finishes and materials, revealing the technological research and style that is behind the production of the DOOR.*
